DECK LAYOUT

SPECIAL NOTES

- For quote purposes only, 12' or 16' planks are used.
- Decking must be laid in the opposite direction or diagonally to the direction of the joists.
- Deck screws required approx. 1-1/2 per linear foot and are sold in 100/pack.
- Standard deck screws are galvanized. Please specify if stainless are desired.
- Fill pieces required are 2 per length plank.
- End covers are quoted for exposed cut edges only.
- End cover fasteners required are 1 per linear foot of end cover.
